I haven't seen. We could have our R9 intergov person check in directly with the CA assemblyman's office – that may be the fastest way to get it.

State legislator letters come in through Eric's office – Eric have you seen this?

Have we received this letter here at HQ? If so, assuming we're still reviewing it? Region has not received it.

Hi,

Please see request from the AP that region 9 received. How would you like to handle?

According to the region, the regional permit office has not received the letter.

Please advise.

Thanks,  
Stacy

Hi David,

Alicia Chang from AP here. A group of state lawmakers earlier this week sent a letter to EPA et al regarding offshore hydraulic fracturing.

Has your agency responded to the letter? Can you provide a statement? I'm on deadline so appreciate a response.

Thanks, Alicia
